

TBI NETWORK HOSTS SECOND ANNUAL WALK WITH THOUGHT EVENT

Fundraising for a Local Non-Profit Organization

Spokane, WA – The TBI Network (www.tbiwa.org), a locally based 501(c)(3) non-profit organization, invites members of the community and beyond to their second annual Walk With Thought event on Saturday, March 25th, 2017 at High Country Orchard in Green Bluff, WA. Go to www.athinkathon.org to register, sponsor, or donate goods to the event.

Walk With Thought is a 5k (3.11 miles-approx.) walkathon event meant to bring awareness to the issues surrounding both brain injury and disability of all types. Proceeds from registration fees (\$17.00 in total), which includes a Walk With Thought t-shirt, will go to funding support services coordinated by the TBI Network, in association with People First of Washington and the Brain Energy Support Team (BEST).

The event will start promptly at Noon and end at approximately 4:00 PM. There will be food and other educational activities made available at the main staging area. Our central theme for 2017 is the “think-a-thon”, where participants will engage and learn about the important aspects of brain injury and disability of all types.

For more information or to register or donate online, please visit www.athinkathon.org.

About the TBI Network

For more than a decade, the TBI Network has been the leading organization to advocate, support, and empower traumatic brain injury survivors. The TBI Network reaches more than 100,000 people per week through their Facebook account, nearly 30,000 per week through their brain injury radio network, and dozens (if not hundreds) of people through support groups and large monthly events. They’re known in the community for being survivors leading the charge in disability rights and have organized a highly successful brain injury camping experience that is going into its ninth year. No one is more dedicated, passionate, and determined to support those in need for a brighter future.
